Sofia's Practice Toolkit

The 15-week plan to the Winter Showcase · Sep 28 → Fri Jan 8, 2027 (show day to be confirmed)

Glass House Dance · Team PITCH
Solo · Trio · 2026–27

Four parts, one goal

Each part has a different job. Don't skip ahead. Ms. Brittany: **memorize first, then improve the moves and tricks.**

1
Own it
Weeks 1–6 · Sep 28–Nov 8

Know every step with **no video and no one to follow**. Solo: Hannah's two videos, step by step, copying arms, feet, head and eyes. A teacher's new correction: **use it right away**. Knees over toes.

2
Clean it
Weeks 7–9 · Nov 9–Nov 29

Feet, knees, arms, eyes. **One fix at a time:** on to the next once it shows on **two videos in a row**. Trick preps look like dancing. Thanksgiving week: the memory run.

3
Perform it
Weeks 10–14 · Nov 30–Jan 3

Where you look, energy to the end, costume on. **One full-out every session**, two back to back on Sundays. Show someone 2–3 times. Hold every ending.

4
Rest up
Week 15 · Jan 4–8

Fewer runs from Dec 28, still one full-out. One run a day. Nothing new. No deep stretching. Night before: memory run only. Sleep. **Show day Fri Jan 8 (most likely)!**

Big checkpoints

My week

Mon	Ballet · Acro · Jazz Tech at the studio. **At home: Hannah's videos + the solo in your head in the car.** No dancing.
Tue	Hip Hop · Ballroom. **Memory run.**
Wed	Contemporary · solo rehearsal with Ms. Brittany when booked · **memory run**
Thu	HOME: strong + bendy + technique · this week's fix · knees (a trick from Nov 9) · aerial strength (from Nov 9) · solo + trio
Fri	HOME: the same as Thursday, with aerial drills (from Nov 9) instead of aerial strength
Sat	Co Tech · PITCH rehearsal + the **memory run**
Sun	HOME: the session + FILM the solo + trio + the Sunday sheet

Trio privates with Larisa: at least 2 a month (30 min). Home sessions are 35–45 minutes; **best time:** a small snack after school, dance about 45 minutes later, dinner after; from Nov 9 each one ends with **Show in your head** (page 3). **Never more than 2 days without the solo:** on a class, rehearsal or make-up day, the memory run (Monday: Hannah's videos). **Studio closed** Nov 25–29 and Dec 19–Jan 1: class days are home sessions.

After the Showcase

Press Play Jan 15–17 (classes only) → Hollywood Connection Jan 22–24 → Ryze Feb 19–21 → iD Feb 26–28 → Gravit8 Mar 12–14 → Hollywood Vibe Apr 30–May 2 → Showstopper May 14–16 → Glass House Ball Jun 19–20. Then the plan restarts: own it, clean it, perform it, in shorter loops between comps.

Point. Straighten. Eyes up. Long arms. Hit the beat. Hold the end.

How to practice at home

The best way to get better between classes: short, often, one thing at a time

For Sofia
and her grown-up

The home session · 35–45 minutes

5 min	**Warm up.** Jumping jacks, arm circles, leg swings, light jog. Always first.
8 min	**Strong.** Hollow hold + superman 3×20s · plank + side plank 2×20–30s · slow relevés 2×15 · one-leg balance 20s · lying leg lifts 2×10.
7 min	**Bendy**, after warm-up only. Right, left, middle split + straddle, 20–30s each. A stretch, never pain.
5 min	**Knees + technique.** Pliés in 1st and 2nd facing the mirror 2×8, knees over toes. Slow lunges 2×5 each side. Relevés. Tricks wait until the solo is memorized.
10 min	**The dances.** Trio: this week's goal (Today's season card). Solo: until Nov 9 from the top as far as you know; from Nov 9 **one full-out**, eyes up (two back to back on Sundays from Nov 30). Until Nov 29: **film one chunk**, watch it when you want, try again.
6 min	**Show in your head** FROM NOV 9 The script on the right.

Monday at home: Hannah's videos and the solo in your head in the car, no dancing after three classes. Tue, Wed, Sat, a rehearsal or make-up day, the light week (Nov 23) and the night before the show: the **memory run** instead. Never more than 2 days without the solo.

Learn it so it sticks

1. **One chunk.** Solo: use **Hannah's two videos**. Watch one 8-count, pause, do it, then go on to the next 8.
2. **Slow.** Do it at half speed 3×, copying arms, feet, head and eyes right from the start. The app practice player can slow the music to 75%.
3. **Music.** Do it with the real music.
4. **No help.** Turn away from the video and the mirror. Do it alone.
5. **Say it.** Say the move names out loud while you mark. Words are a second memory.
6. **Chain it.** Add the chunk to the one before it, then run both.
7. **Pause-and-predict.** Ask a grown-up to pause the video anywhere: you say and show what comes next. When you never have to guess, the step is learned.
8. **From the top.** Every session: start at the beginning, go as far as you know, then add ONE new chunk.

Set up a dance spot

- ☐ Clear space, with the mat out for anything upside down
- ☐ Tape an **X** on the floor for "center front"
- ☐ A sticker on the wall = **the judges**. Dance to it.
- ☐ Phone on a stand at the **side** for filming
- ☐ Music ready on the app: the real track for each dance
- ☐ Water bottle, hair up, socks off for floor work
- ☐ Once in December: **tape out the stage size** for a costume run

Grown-up's job

- **Be the stage crew**, not the teacher: music, timer, filming, stickers.
- Ask, don't correct: "What comes next?" "Where do your eyes go?" "Which fix are you working on?"
- Keep corrections to what the teachers gave. A teacher's new one goes into practice **right away**. If something looks off, write it under *Questions for my teachers*.
- **Video:** let Sofia choose when to watch her clips. Every review starts with what went well.
- Praise the work: "You kept your eyes up the whole time," not "you're so talented."
- Start at the same time each practice day. A routine beats willpower.

Show in your head FROM NOV 9

1. Stand in your opening pose, in your dance clothes.
2. Play the real song, full speed.
3. Close your eyes. See the stage, the lights, the judges' table.
4. Dance it in your head through your own eyes; let your arms and head mark small.
5. Feel the story. Slow, calm breaths.
6. Hold the ending until the very last note.
7. Do it 2–3 times. The last time, watch yourself from the audience.

A grown-up reads the steps out loud for the first two weeks. Picturing it at bedtime is extra and optional: never let it push bedtime later.

Safety rules

- Warm up before stretching. No oversplits, no forcing.
- Acro only on the mat or with a spotter. Kick-overs and aerials only in class.
- If it hurts, stop and tell a grown-up.
- Stop before tired. Tired teaches the wrong way.
- **Sleep 9–12 hours**, same bedtime every night.

My fixes · one at a time · check when the teacher says "yes"

Done on video = it shows on two videos in a row. Then the teacher checks it.

- ☐ **Knees over toes** in every plié, lunge, landing and floor entry. No knees falling in. *(Ms. Brittany, Oct 13)*
- ☐ **Point + straighten** on every floor extension, even as the leg comes down
- ☐ **Side leg: pick one.** A clean attitude or straight. Never halfway.
- ☐ **Eyes up.** No mirror, no teacher. Every section has a spot.
- ☐ **Long arms.** Elbows straight overhead, shoulders down.
- ☐ **Passé high.** Toe beside the knee, high relevé, sharp spot.
- ☐ **Trick prep is dancing.** Head stays up until the hands go down.
- ☐ **Donut roll:** arms down, head ALL the way back. Don't tuck the chin. *(Hannah)*
- ☐ **Hold the ending** until 2:00, when the sound is gone.

Trick ladder · starts Nov 9, after the solo is memorized

★ Trio · Enjoy the Silence

Contemporary · choreography + teacher Larisa · with Hannah and Lauren · 2:24 final cut, ~86 BPM

Larisa's rule: memorize first, clean in privates

Memory map

Video → with music → no help. Check a box only when it runs clean **twice**. This week's trio goal is on Today's season card and in every home session (Thu, Fri, Sun).

WHOLE DANCE: no video, nobody marking · goal Sat Oct 31				☐

Fixes for the privates

- ☐ **Eyes:** no mirror at 0:02. In the 0:22 stillness all three eyelines agree.
- ☐ **Arabesque on knees (0:30):** match the agreed height, lock the knee.
- ☐ **Canon waiting (0:52–0:58):** hold a SHAPE with intent. Never stand "off."
- ☐ **Arms overhead (0:58):** straight, not hands to the head. Match Hannah's line.
- ☐ **Upstage = bigger.** When I'm farthest from the judges, I dance bigger.
- ☐ **Match Lauren's size.** She dances the biggest.

Already strong: shoulder stand (cleanest of the three), lunge at 0:02, bridge at 1:36, full-out runs.

The music won't help, so we do

The song builds to a hit at 0:30, opens up at 1:06, runs full out from 1:36 and ends at 2:13; the last 11 seconds are silent: hold the picture to 2:24. The **three of you** make the big and small moments with stillness against speed.

Home trick: the canon is the hardest part. Fill in the count sheet below for 0:42–1:04 with Larisa or from the video, then **say your counts out loud** while you mark.

Canon count sheet · 0:42–1:04

Write a move name (or a doodle) in each count box. Star the count where YOU start.
